

Don't know do care – donate today to help combat misinformation

Join with Migrant Voice today and help us combat the rampant misinformation surrounding migration, and centre the debate on the voices of migrants.

Your support will help us:

- Create new resources, and varied, to better counter misinformation
- Grow our work ensuring that migrants are heard in the press, and by policymakers

Target: £15,000

Ways to support

Obviously, we hope you will be able to donate, but we know that is not possible for many people right now. Even without donating though there are ways you can help support our campaign:

- Share posts on social media.
- Carry out your own fundraising activities. It could be anything, a run, a bake sale, sponsored silence or dressing up in the office. Let your imagination go wild.
- Share your own experiences of facing hostile rhetoric and policies, along with the donation link.
- Share videos of your own experiences with us for us to use on social media to highlight the issues.

Hostility and division against migrants is growing, and it is fuelled by misinformation and lies.

Donate today to support @migrantvoice.bsky.social in countering this.

The only way to combat hate is by ensuring that facts are heard.
